

This architectural cross-section drawing illustrates the internal structure of a house. The roof is gabled, with two chimneys on the left side. The interior features a central door and a window above it. The foundation is shown with dashed lines, and the ground level is indicated by a horizontal line. Various structural elements are labeled with circled numbers 1 through 10. The drawing is a technical representation of a building's cross-section.

A detailed technical cross-section drawing of a house. The drawing shows the internal structure, including the roof, walls, floor, and foundation. Key features include:
 

- Roof:** A gabled roof with two chimneys on the ridge. A circular vent is shown on the left roof slope.
- Walls:** The exterior walls are shown with a hatched pattern. A small window is visible on the left wall.
- Floor:** The floor is shown with a hatched pattern. A central door is open, leading to a small room or porch.
- Foundation:** The foundation is shown with a dashed line. A small basement or crawlspace is indicated below the main floor level.
- Annotations:** Various circles and lines are used to indicate specific details and measurements. A circle with a crosshair is located in the center of the door.
