Document:	Reply to requests for extension of the deadline for submission of requests to participate
Processed on:	26.09.2025

OLO, a.s. hereby responds to the received requests for extension of the deadline for submitting applications for participation.

After considering all relevant arguments, OLO, a.s. hereby informs all interested parties that the **deadline for submitting applications for participation is extended to: 10.10.2025 at 13:00 p.m.**

At the same time, the Contracting Authority **strongly notifies all interested parties that it does not plan to repeatedly extend the deadline for submitting requests for participation** due to the time needed to obtain certificates and documents to prove the fulfilment of the conditions for participation. The contracting authority draws attention to the European Single Document, which can be used to temporarily replace documents that are in the process of being issued or in the process of translation, i.e. for the purpose of submitting a request for participation, a candidate may submit a single European document in the request to participate. The contracting authority then invites the applicant to submit the replaced documents, providing the reasonably necessary time (i.e., for example, 10 working days).

Unless other objective facts occur, the **Contracting Authority plans to open applications for participation on 10.10.2025 at 1:05 p.m.**

Yours
