Prof. We

Sterillium
Tuberculocidal efficacy

Expertise

After examination of the tuberculocidal efficacy in the quantitative suspension under clean and dirty conditions, test following EN 14348 (Status April 2005) - modified method by membrane filtration according to EN 13727 - test report B 16498b of the 2010-11-25 (test product VP 83), the efficacy ($\geq 4,0$ lg reduction) on the reference germ *Mycobacterium terrae* ATCC 15755 can be confirmed.

These test results demonstrate that the efficacy is included within the application time of 30 seconds.
