

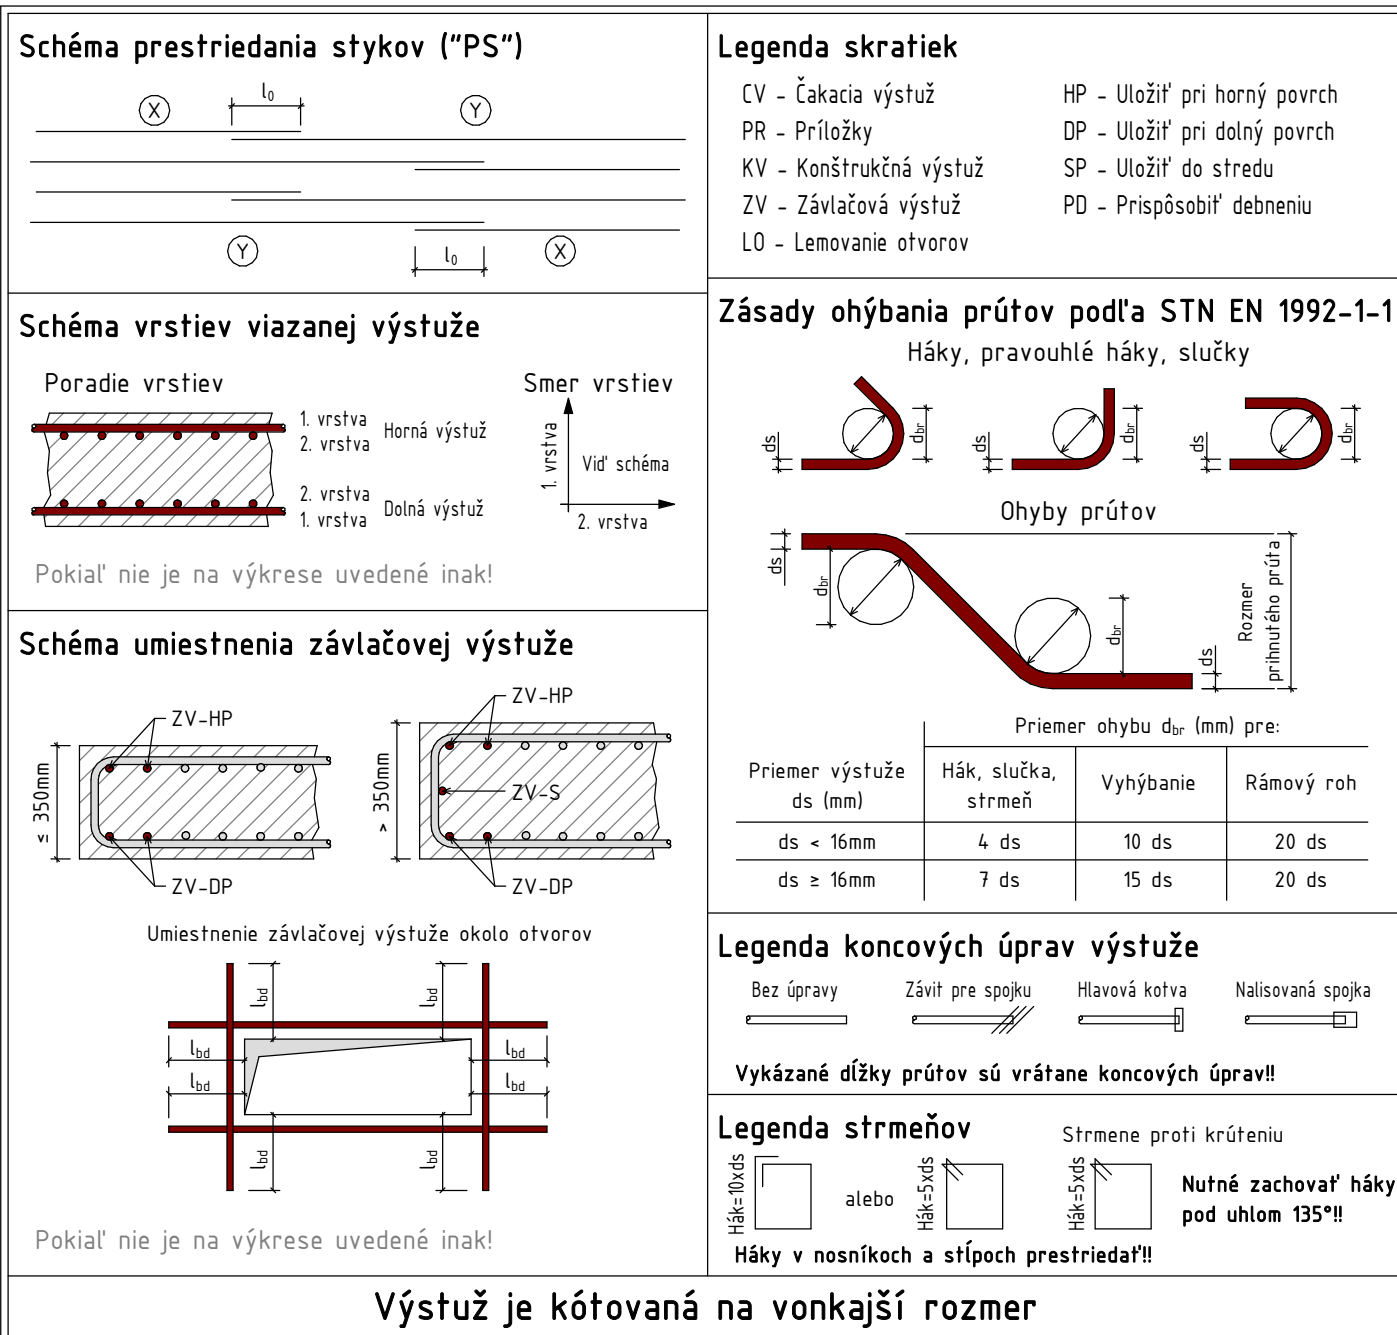

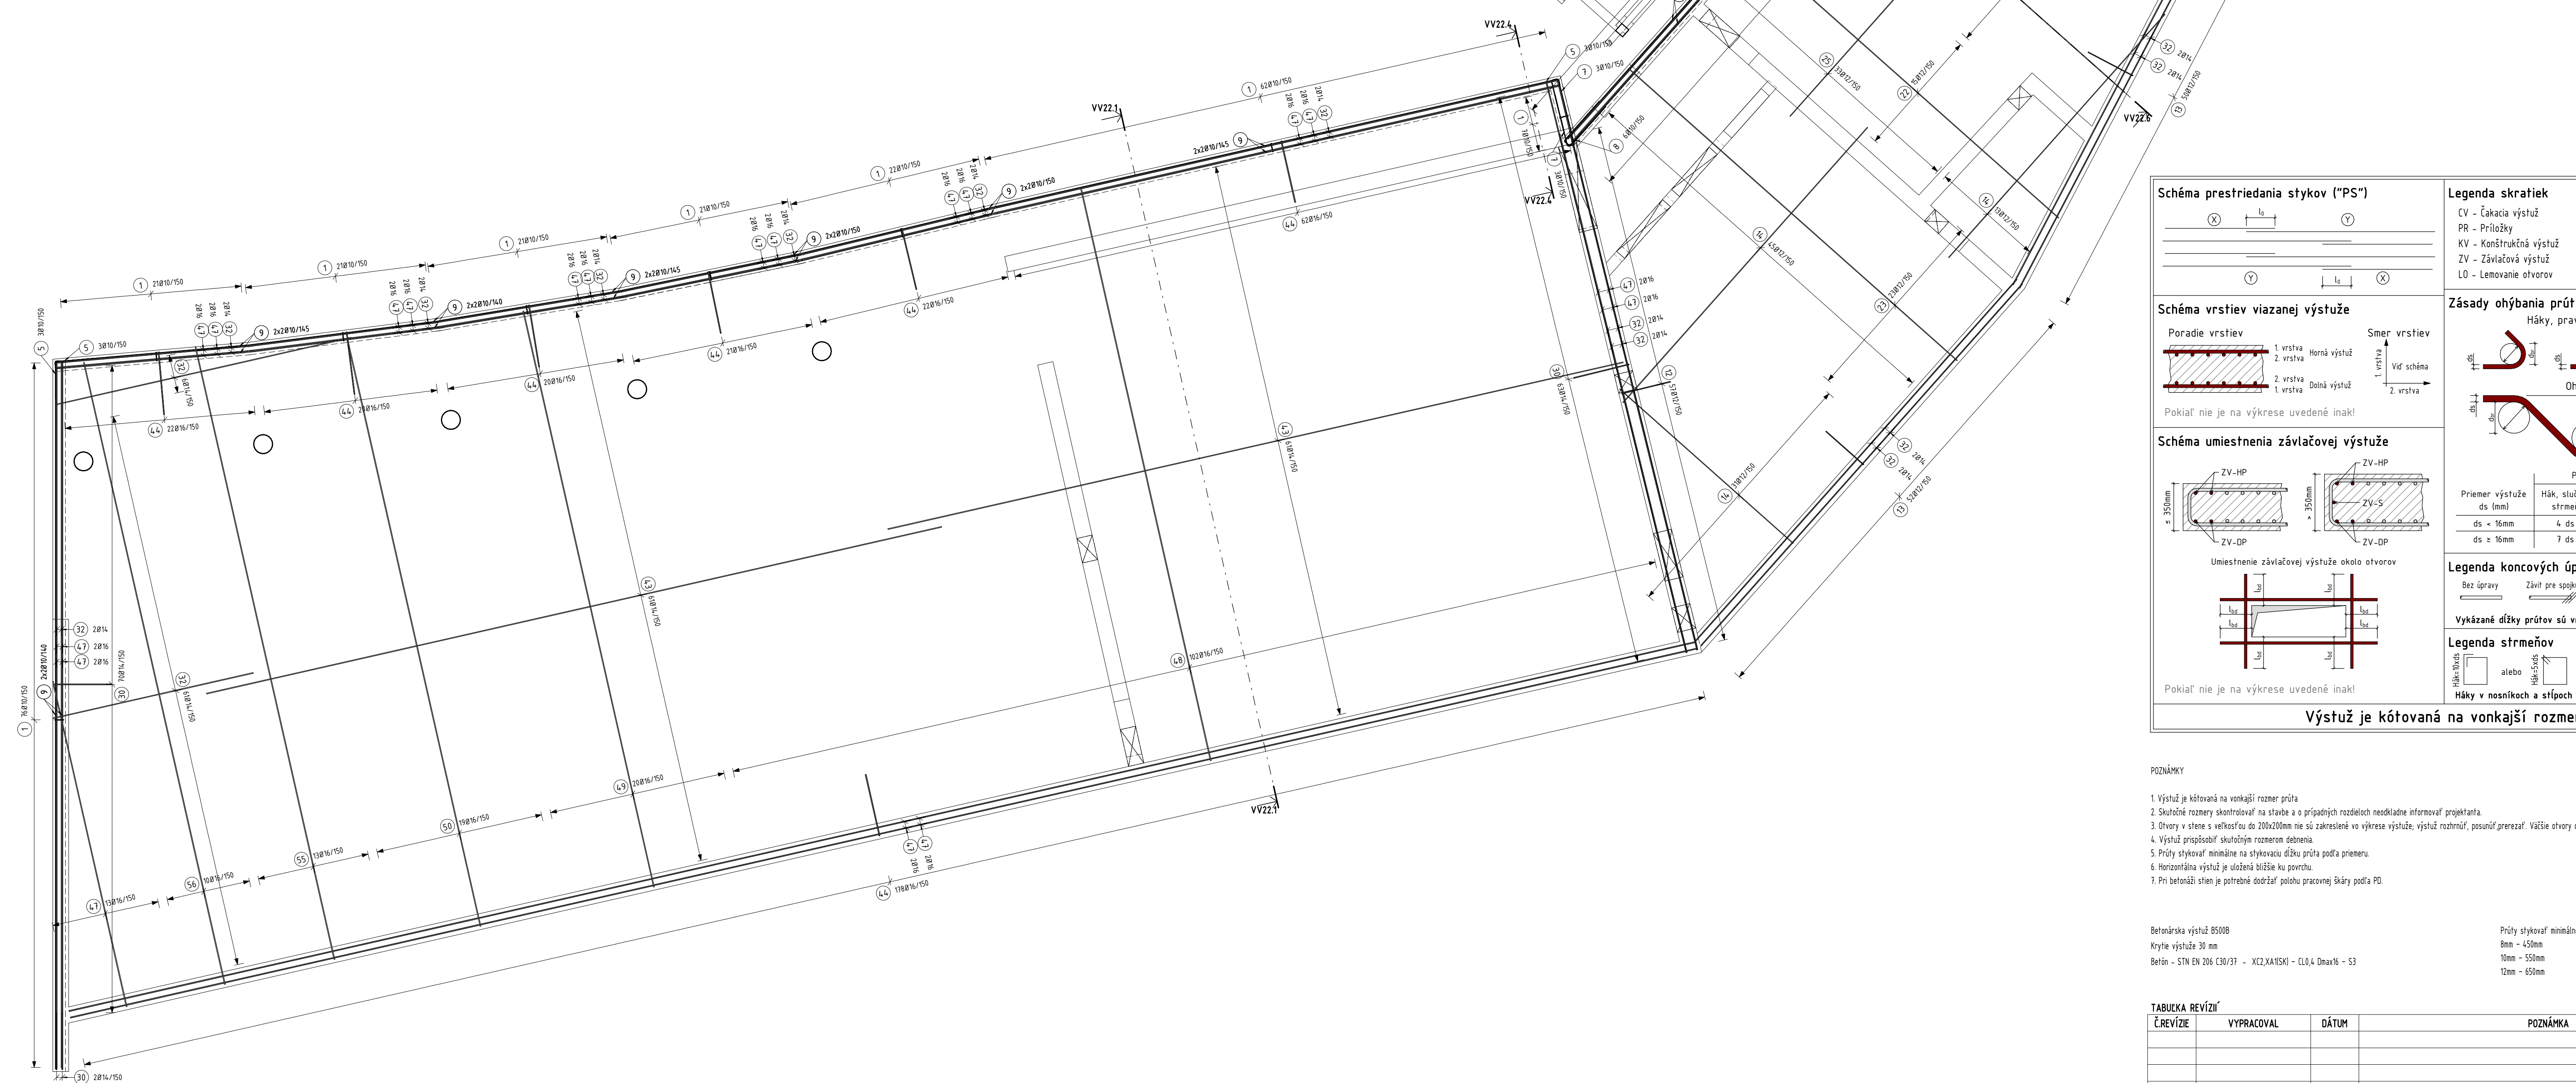

Figure 1 displays 48 diagrams (numbered 1 to 48) illustrating various geometric shapes and their dimensions. The diagrams are arranged in a 6x8 grid. Each diagram shows a different configuration of rectangles, squares, and lines, with dimensions labeled in meters (m). The diagrams are used to illustrate the concept of area and perimeter for various shapes.

The diagrams are organized as follows:

- Row 1:**
 - 1. A rectangle with width 800 m and height 140 m.
 - 2. A rectangle with width 800 m and height 140 m.
 - 3. A rectangle with width 800 m and height 140 m.
 - 4. A rectangle with width 800 m and height 140 m.
 - 5. A rectangle with width 800 m and height 140 m.
 - 6. A rectangle with width 800 m and height 140 m.
 - 7. A rectangle with width 800 m and height 140 m.
 - 8. A rectangle with width 800 m and height 140 m.
- Row 2:**
 - 9. A rectangle with width 800 m and height 140 m.
 - 10. A rectangle with width 800 m and height 140 m.
 - 11. A rectangle with width 800 m and height 140 m.
 - 12. A rectangle with width 800 m and height 140 m.
 - 13. A rectangle with width 800 m and height 140 m.
 - 14. A rectangle with width 800 m and height 140 m.
 - 15. A rectangle with width 800 m and height 140 m.
 - 16. A rectangle with width 800 m and height 140 m.
- Row 3:**
 - 17. A rectangle with width 800 m and height 140 m.
 - 18. A rectangle with width 800 m and height 140 m.
 - 19. A rectangle with width 800 m and height 140 m.
 - 20. A rectangle with width 800 m and height 140 m.
 - 21. A rectangle with width 800 m and height 140 m.
 - 22. A rectangle with width 800 m and height 140 m.
 - 23. A rectangle with width 800 m and height 140 m.
 - 24. A rectangle with width 800 m and height 140 m.
- Row 4:**
 - 25. A rectangle with width 800 m and height 140 m.
 - 26. A rectangle with width 800 m and height 140 m.
 - 27. A rectangle with width 800 m and height 140 m.
 - 28. A rectangle with width 800 m and height 140 m.
 - 29. A rectangle with width 800 m and height 140 m.
 - 30. A rectangle with width 800 m and height 140 m.
 - 31. A rectangle with width 800 m and height 140 m.
 - 32. A rectangle with width 800 m and height 140 m.
- Row 5:**
 - 33. A rectangle with width 800 m and height 140 m.
 - 34. A rectangle with width 800 m and height 140 m.
 - 35. A rectangle with width 800 m and height 140 m.
 - 36. A rectangle with width 800 m and height 140 m.
 - 37. A rectangle with width 800 m and height 140 m.
 - 38. A rectangle with width 800 m and height 140 m.
 - 39. A rectangle with width 800 m and height 140 m.
 - 40. A rectangle with width 800 m and height 140 m.
- Row 6:**
 - 41. A rectangle with width 800 m and height 140 m.
 - 42. A rectangle with width 800 m and height 140 m.
 - 43. A rectangle with width 800 m and height 140 m.
 - 44. A rectangle with width 800 m and height 140 m.
 - 45. A rectangle with width 800 m and height 140 m.
 - 46. A rectangle with width 800 m and height 140 m.
 - 47. A rectangle with width 800 m and height 140 m.
 - 48. A rectangle with width 800 m and height 140 m.
