

LEGENDA

The diagram illustrates a sewerage system layout with the following components and connections:

- Top Section:** A horizontal line with a dashed line above it, representing a sewerage line.
- Left Section:** A vertical line with a dashed line to its left, representing a sewerage line.
- Right Section:** A vertical line with a dashed line to its right, representing a sewerage line.
- Bottom Section:** A horizontal line with a dashed line below it, representing a sewerage line.
- Central Section:** A vertical line with a dashed line to its left, representing a sewerage line.
- Labels and Symbols:**
 - VŠ** (Vodomerová šachta) is located at the top center, with a dashed line above it.
 - RD** (Rozvádzač domový) is located at the top left, with a dashed line to its left.
 - RE** (Elektromerový rozvádzač) is located at the top right, with a dashed line to its right.
 - HRANICA POZEMKU** (Boundary of the plot) is located at the bottom center, with a dashed line below it.
 - ŽÚPRA - PODZEMNÁ NÁDRŽ NA SPLAŠKOVÉ ODPADOVÉ VODY** (Sewage treatment plant - underground tank for wastewater) is located at the bottom left, with a dashed line to its left.
 - VŠ** (Vodomerová šachta) is located at the bottom center, with a dashed line below it.
 - VODOMEROVÁ ŠACHTA S ARMATÚRNOU A VODOMEROVOU ZOSTAVOU** (Sewerage manhole with armature and sewerage assembly) is located at the bottom right, with a dashed line to its right.
 - NAVHRVANÁ PRÍSTAVBA** (Proposed extension) is located at the bottom left, with a dashed line to its left.
 - NAVHRVANÁ PRÍSTAVBA** (Proposed extension) is located at the bottom right, with a dashed line to its right.
