

This architectural floor plan shows a rectangular bathroom with the following features and dimensions:

- Overall Dimensions:** The room is 250 units wide and 200 units deep.
- Entrance:** Located on the right wall, with a width of 86 units.
- Toilet:** Situated in the bottom right corner, with a width of 45 units.
- Sink:** A rectangular vanity unit is positioned against the bottom wall, with a width of 80 units.
- Shower Area:** A square shower pan is located in the bottom left corner, measuring 75 units by 75 units. It includes a central drain symbol and dashed lines indicating the pan's boundaries.
- Storage/Storage:** A rectangular cabinet or storage unit is located on the left wall, with a width of 73 units.
- Windows:** There are four windows along the top wall, each with a width of 65 units.
- Partitions:** A vertical partition separates the shower area from the rest of the room. A horizontal partition is located near the top of the room, with a height of 50 units.
- Fixtures:** The plan includes symbols for a toilet, a sink, a shower pan, and a storage unit.
- Dimensions:** Various dimensions are labeled in blue text, including 250, 200, 86, 80, 75, 73, 65, 50, and 45.
