Architectural cross-section drawing of a building showing a roof ventilation outlet. The drawing includes a red hatched area representing the roof structure, with a green line indicating the original ridge height. A green label points to the roof cladding and waterproofing. The roof is labeled "1 - VÝUSTKA ODVETRANIA STRECHY". Dimensions include a total height of 4700, a roof thickness of 6100, and a ventilation outlet height of 10,225. The drawing also shows a chimney on the right and a small structure on the left.
