

This architectural floor plan depicts a long, symmetrical residential building. The plan is divided into three main sections by a central vertical axis. Each section contains multiple residential units, each with a kitchen, living area, and bathroom. The units are arranged in a grid-like fashion, with corridors providing access to each unit. The plan includes numerous dimensions in millimeters, indicating the overall size and the spacing between units. Key features include:

- Symmetry:** The plan is symmetrical about a central vertical axis.
- Dimensions:** The overall width is 52950 mm. The overall depth is 15000 mm. Individual unit widths range from 1500 to 2500 mm, and depths range from 1200 to 1800 mm.
- Rooms:** Each unit typically includes a kitchen (K), living area (L), and bathroom (B). Some units also have a separate bedroom (S).
- Corridors:** Corridors are shown with dashed lines, indicating their layout and width.
- Entrances:** Entrances to the building are marked with 'A' and 'B'.
- Staircases:** Staircases are located in the central part of the plan, marked with 'S'.
- Windows:** Windows are indicated by 'W' and 'Z'.
- Shading:** Different hatching patterns are used to distinguish between different types of rooms or areas.
