**Subject:** RE: Purchase of embryos of the Holstein breed

Dear Veronika:

Thank you again for providing the tender details on October 24. There simply was not enough time to satisfy the extensive documentation which is required to be translated into Slovakian language by an official translator, so for this reason we unfortunately will be unable to submit an offer in time. If there is any extension granted, please let me know as I am confident we have the best genetics for the project. With a one month extension, we would be able to submit an offer. Thank you for your understanding and I wish you well with the project.

**Warm Regards,**
